Dear Parent / Carer

Re Ofsted Monitoring Inspection – Tuesday 17th January 2017

Please find attached the Final Report, compiled by Ofsted, following our short inspection last month.

We are delighted that the many qualities of the school have been recognised. The Inspectors have acknowledged and celebrate the impeccable behaviour of our children, their 'love for learning' and the strong support we have from our parents and families.

They clearly identify how well Governors know the school; have recognised the contribution that *all* members of staff make to children's learning and that 'children come first and are central to the school's work'. It is also reassuring to see that all of the safeguarding procedures and policies, ensure that 'safeguarding is a strength across the school'.

It is also extremely positive to know that our School Self Evaluation, and our School Development Plan, have accurately identified the areas that we are still working on; the report confirms that the strategies implemented 'are having a positive impact' and that our children also have a good understanding of what is needed to support their progress.

I know that you will share my pride, in all that we continue to strive to achieve, and only ask that you continue to support our shared aims for the school moving forward.

Yours faithfully,

Mrs Healy
Head Teacher
