Secondary School Offer Day - Monday 2nd March 2026

Your child receiving their secondary school offer is the first part of the next exciting step forward on their learning journey. For those who have received an offer for their preference school, it is a great time to be able to start looking forward to new beginnings.

However, if you are unhappy with the school allocated and it is not one of the preferences you made in October, please contact school office for advice, where adults in school will be able to help you with next steps.

If you are considering to appeal the offer made, please be aware that there are key dates to take account of. All information will be on individual secondary school websites, so it is important to check the secondary school for details.

World Book Day - Thursday 5th March 2026

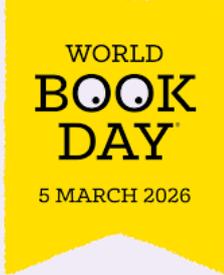

We are really looking forward to celebrating World Book Day on Thursday 5th March.

The theme this year is 'Go All In' as 2026 is The National Year of Reading. This is a national campaign to get more people reading and as part of this, children will have the opportunity to take part in different reading activities throughout the year.

On World Book Day, one of the activities the children will be taking part in is a book sharing event with their peers to help them find new authors and books they would like to try. We would ask children to dress up for this occasion in smart/fancy clothes - there is no need to go out to buy anything in addition to what you have at home. Alternatively, if your child has a book character costume they would like to wear, they may wear this instead.

Please remember to spend your World Book Day voucher. This can be redeemed in most bookshops and supermarkets and there is a fantastic range of books on offer!

Please note, Year 3 - Class 3 will not be going swimming on this day.

British Science Week - 9th to 13th March 2026

British Science Week is taking place between 9th and 13th March. The theme this year is 'Curiosity: what's your question?'. This year is all about encouraging people to embrace their passions and to find out the answers to their most burning STEM questions.

Red Nose Day - Friday 20th March 2026

This year for Red Nose Day we are hanging up our school uniform for the day and wearing red, Red Nose Day merchandise or own clothes! Please bring donations to help raise money to support the charity which focuses on families that struggle with food and housing, keeping little ones safe and supporting families affected by conflict and climate change.

Safety of your child

Please park respectfully and in line with the Highway Code. We have received emails about poor parking on corners which is causing near misses for children and adults crossing the road.

Remember to consider residents and their driveways when parking so that you are not blocking people in. Also grass areas help to make our community look appealing but cars parking on the verges are spoiling the area around the lake.

From our meetings with the police, they have shared that it is everyone's responsibility to work together during these busy times to ensure everyone is safe coming to school and making their way home. Thank you for your co-operation.
