

Curriculum Overview: Music

Intent -

At Park Hall Junior Academy, our aim in teaching Music is that children gain a firm understanding of what music is through listening, singing, playing, evaluating, analysing and composing across a wide variety of historical periods, styles, traditions, and musical genres. Our objective is to develop a curiosity for the subject, as well as an understanding and acceptance of the validity and importance of all types of music, and an unbiased respect for the role that music may wish to be expressed in any person's life. We are committed to ensuring children understand the value and importance of music in the wider community, and are able to use their musical skills, knowledge, and experiences to involve themselves in music, in a variety of different contexts.

***Year group production dates may be subject to change.**

Intended Impact

Children will have access to a wide range of music with links to various areas of the curriculum. They will be able to analyse music and comprehend its parts. Children will experience music as listeners, creators and performers. They will sing and feel a musical pulse. Children will develop a sense of achievement, self-confidence, interaction with and awareness of others, and self-reflection. Children will also develop an understanding of culture and history. They will develop an understanding of how to further develop skills less known to them, through rehearsal and practice.
